

Sexual Violence

If it happened to you:

- We Believe You
- It wasn't your fault
- We support you

If someone tells you it happened:

Say: I believe you. I'm sorry this happened to you.

Ask: How can I help you? What do you need right now?

VISION

All women with disabilities will be guaranteed an environment free from sexual violence, where they are empowered to speak and act for themselves. Survivors of sexual violence will be assured a proactive, individualized, compassionate response to their experience.

WHAT IS ILLINOIS IMAGINES?

Illinois Imagines is a collaborative project on the statewide and local level that focuses on changing Illinois systems to better serve people with disabilities who experience sexual violence. The project brings together self-advocates, disability service agencies, rape crisis centers, state agencies and others to implement change across the board in order to provide better services to people with disabilities. Results of the collaboration include: improved policies and practices, cross-training among partners and enhanced outreach to survivors with disabilities.

Team Information

On the other side of this brochure is a list of Illinois Imagines collaboratives. If you are interested in becoming part of the collaborative in your area, please call the agency name listed under each center. The collaboratives meet regularly and work together to improve services in their town.
